Westpac
Making the most of life

We've worked with the New Zealand Retailers Association (NZRA) to come up with a special deal on EFTPOS terminal leasing.

Designed for NZRA members who process their credit card transactions with Westpac - for every new VeriFone Vx510 EFTPOS terminal you lease from us, we'll put a \$300 + GST credit into your NZRA membership account.

So if you were to lease 2 terminals, we'd give you a \$600 + GST credit. You can use this credit to pay for NZRA services such as training courses, advisory services and events. Or even put it towards your next year's membership subscription. It's a win-win situation!

Lease this EFTPOS terminal from Westpac, and we'll give you a \$300 + GST credit with the NZRA.

Things you should know: This Verifone Vx510 EFTPOS terminal leasing deal is only available to members of the New Zealand Retailers Association who also process their credit card transactions with Westpac. A one-off payment of \$300 + GST will be made to the New Zealand Retailers Association in the member's name for every approved Verifone Vx510 EFTPOS terminal leased, subject to Westpac's EFTPOS Terminal Lease Agreement and Merchant Credit Card Facility Agreement being entered into. Participation in a Credit Card Processing contract is subject to Westpac's approval. EFTPOS plus membership pricing, terminal type and terms and conditions may vary at Westpac's discretion. Association Package terms and conditions apply. The information in this flyer and the terms and conditions of the Association Package may change from time to time. Other fees may apply. Paymark™ is a registered trademark of Electronic Transaction Services Limited.
